Part 2 — Elections and polling in other countries

Results, seat counts and polling for each country the app covers, as tables of the figures behind its maps. Each table notes its source. Presentation data (colours, photos, map shapes) is omitted; precinct-level results for Sweden and municipality-level results for Hungary are too fine for a printed datasheet and are not included.

Brazil election results (brazil_election_results.json)

Source: Real source: English Wikipedia's "2026 Brazilian general election" article, which maintains a real, TSE-cited {{Election results}} template under its own "=== President ===" heading -- see app/services/brazil_client.py's own module docstring for why this is used instead of TSE's own live results-JSON API (that API's own election codes are confirmed real, but its results-FILE path 404s site-wide as of this writing, not just for 2026). Number	Category	Text
1	NON_CONSTITUTIONAL	Do you support the Government of Alberta taking increased control over immigration for the purposes of decreasing immigration to more sustainable levels, prioritizing economic migration and giving Albertans first priority on new employment opportunities?
2	NON_CONSTITUTIONAL	Do you support the Government of Alberta introducing a law mandating that only Canadian citizens, permanent residents and individuals with an Alberta-approved immigration status will be eligible for provincially-funded programs, such as health care, education and other social services?
3	NON_CONSTITUTIONAL	Assuming that all Canadian citizens and permanent residents continue to qualify for social support programs as they do now, do you support the Government of Alberta introducing a law requiring all individuals with a non-permanent legal immigration status to reside in Alberta for at least 12 months before qualifying for any provincially-funded social support programs?
4	NON_CONSTITUTIONAL	Assuming that all Canadian citizens and permanent residents continue to qualify for public health care and education as they do now, do you support the Government of Alberta charging a reasonable fee or premium to individuals with a non-permanent immigration status living in Alberta for their and their family's use of the healthcare and education systems?
5	NON_CONSTITUTIONAL	Do you support the Government of Alberta introducing a law requiring individuals to provide proof of citizenship, such as a passport, birth certificate, or citizenship card, to vote in an Alberta provincial election?

8	CONSTITUTIONAL	Do you support the Government of Alberta working with the governments of other willing provinces to amend the Canadian Constitution to allow provinces to opt out of federal programs that intrude on provincial jurisdiction such as health care, education, and social services, without a province losing any of the associated federal funding for use in its social programs?
9	CONSTITUTIONAL	Do you support the Government of Alberta working with the governments of other willing provinces to amend the Canadian Constitution to better protect provincial rights from federal interference by giving a province's laws dealing with provincial or shared areas of constitutional jurisdiction priority over federal laws when the province's laws and federal laws conflict?
